

RANCH ALLERGEN SHEETS NOVEMBER 2024 - **PLEASE NOTE OUR OIL IS VEGETABLE GENETICALLY MODIFIED SOYA OIL.**  
**SOME FRIED PRODUCTS MAY NOT CONTAIN MILK BUT FRIED IN OIL WHICH HAS HAD MILK OR EGG PRODUCTS.**

Please see below our allergen information. You must still make your server aware of your allergy and they will be more than happy to help with any questions or concerns you may have.

If you have a severe allergy we highly recommend getting in touch with us before hand.  
Questions? Please do not hesitate to get in touch.

### **IMPORTANT INFORMATION**

**SOYA** - Please note that our oil is vegetable oil that is genetically modified soya meaning all fried products are used in this. **The products marked with a “X” under soya are dishes that contain soybean.** A product that is fried, but does not contain soya, will not be marked but still cooked in the modified oil. Please speak to your server for more information.

**MILK** - Some fried products may not contain milk but are fried in the same oil that has had milk products.

**EGG** - Some fried products may not contain milk but are fried in the same oil that has had egg products.

**FISH/CRUSTACEANS** - Some fried products may not contain milk but are fried in the same oil that has had fish or crustaceans products.

**SEASME SEEDS** - We use sesame seeds across all different types of dishes, from starters to mains and sides. **This means we regretfully cannot 100% guarantee no risk of cross contamination of this product.** Our chefs will still go above and beyond to try and eliminate the risk. We apologise for any inconvenience this may caused.

**NUTS/PEANUTS** - Although no nuts and peanuts are used in our main kitchen, there is still a risk of cross contamination in all of our dessert dishes.
